

Proceedings of the International Academy of Ecology and Environmental Sciences

The Proceedings of the International Academy of Ecology and Environmental Sciences (ISSN 2220-8860) is an open access, peer-reviewed online journal that considers scientific articles in all different areas of ecology and environmental sciences. It is the flagship journal of the International Academy of Ecology and Environmental Sciences. It dedicates to the latest advances in ecology and environmental sciences. The goal of this journal is to keep a record of the state-of-the-art research and promote the research work in these fast moving areas.

All manuscripts submitted to Proceedings of the International Academy of Ecology and Environmental Sciences must be previously unpublished and may not be considered for publication elsewhere at any time during review period of this journal. The topics to be covered by this journal include, but are not limited to theory, methodology, technology, innovation, activity, and project in the following areas:

- Animal ecology, plant/microbe ecology, wetland ecology, farmland ecology, forest/grassland ecology, marine ecology, pollution ecology, etc.
- Biological conservation & preservation, ecosystem restoration, environmental policy, environmental toxicology, environmental pollution and control, natural resource, bioenergy research, environmental technology, waste management, environmental economics, environmental management & planning, environmental education, environmental engineering, global climate change, oceanography, etc.

Authors can submit their works to the email box of this journal, piaees@iaees.org.

In addition to free submissions from authors around the world, special issues are also accepted. The organizer of a special issue can collect submissions (yielded from a research project, a research group, etc.) on a specific topic, or submissions of a conference for publication of special issue.

Editorial Office: piaees@iaees.org

Articles

Hybrid constructed wetlands for wastewater treatment: A worldwide review

M.H. Sayadi, R. Kargar, M.R. Doosti, H. Salehi 204-222

Levels and potential effect of radon gas in groundwater of some communities in the Kassena Nankana district of the Upper East region of Ghana

A.B. Asumadu-Sakyi, O.C. Oppon, F.K. Quashie, et al. 223-233

Application of Moran-Ricker model for analysis of *Bupalus piniarius* L. population dynamics

L.V. Nedorezov 234-245

Betterments to biodiversity optimal sampling

Alessandro Ferrarini 246-250

Short Communication

Sulphur dioxide adsorption using *Macrotyloma uniflorum* Lam. seed powder

V. Mary Priyanka, D. Sirisha, N. Gandhi 251-254

The International Academy of Ecology and Environmental Sciences (IAEES) is a nonprofit and registered international organization. It devotes to promote global ecology and environmental sciences and protect global ecological environments, by publishing scientific publications, conducting research activities, launching environmental programs, disseminating knowledge and technologies, sponsoring conferences, and providing information and discussion spaces, etc. The responsibility for these publications rests with the International Academy of Ecology and Environmental Sciences.
